Total			

As per Schedule III of the Companies Act, 2013, depending upon the turnover of the company, the figures appearing in the financial statements may be rounded off as given below:

Turnover	Rounding off
(*a*) less than one hundred crore rupees	To the nearest hundreds, thousands, lakhs or millions, or decimals thereof.
(*b*) one hundred crore rupees or more	To the nearest lakhs, millions or crores, or decimals thereof.

Once a unit of measurement is used, it shall be used uniformly in the financial statements.

8.4 Financial statement analysis

8.4.1 Meaning of financial statement analysis

Financial statement analysis is comparison of the various items in the financial statements by establishing and evaluating relationships among them so that, it gives a better understanding of the performance and financial status of the business concern.

It involves rearrangement of data in accordance with the purpose of analysis, application of financial tools, evaluating the relationship among the component parts and drawing conclusion based on the analysis. Thus, financial statement analysis includes both analysis and interpretation.
