Student activity 8.4

Record minimum 4 of your class test marks for Accountancy and other subjects. Analyse your marks using trend percentages.

Points to remember

- The term financial statements generally refer to two basic statements, income statement and balance sheet.
- Notes and schedules also form part of financial statements.
- The tools of financial statement analysis include Comparative statement, Common size statement, Trend analysis, Funds flow analysis and Cash flow analysis.
- A statement giving comparison of net increase or decrease in the individual items of financial statements of two or more years of a business concern is called comparative statement.
