14.01 Introduction

Marketing is one of the business functions that all activities that take place in relation to markets for actualise potential exchanges for the purpose of satisfying human needs and wants. In other words marketing is the performance of buying activities that facilitate to more flow of goods and services from producer to ultimate user. Selling is basically concerned with putting the goods into the hands of the buyers for a price, but marketing is much wider than selling.

The development of marketing is evolutionary rather than revolutionary. There is no single answer to the question of what is marketing? To understand, it may be explained in brief, as "Marketing is what a marketer does," But this meaning lacks clarity in understanding the subject. The evolution of
