About The Author

William Shakespeare (1564-1616) was a prolific writer during the Elizabethan and Jacobean ages of British theatre (sometimes called the English Renaissance). Shakespeare's plays are perhaps his most enduring legacy, but they are not the only things he wrote. Shakespeare's poems remain popular to this day. Shakespeare's rich and diverse works have spawned countless adaptations across multiple genres and cultures. His writings have been compiled in various iterations of *The Complete Works of William Shakespeare*, which include all his plays, sonnets, and other poems. William Shakespeare continues to be one of the most important literary figures of the English language.

Glossary

time	-	lifetime

Sans	-	without

Contextual meaning of a few difficult phrases.

Line 13:

'*jealous in honour*': The young man takes great care of his honour, his reputation as a good man.

Line 13:

'*sudden and quick in quarrel*': 'quarrel' is a slightly old-fashioned word for an argument; 'sudden' here means unpredictable - so in an argument this young man might suddenly become violent.
