ICT Corner

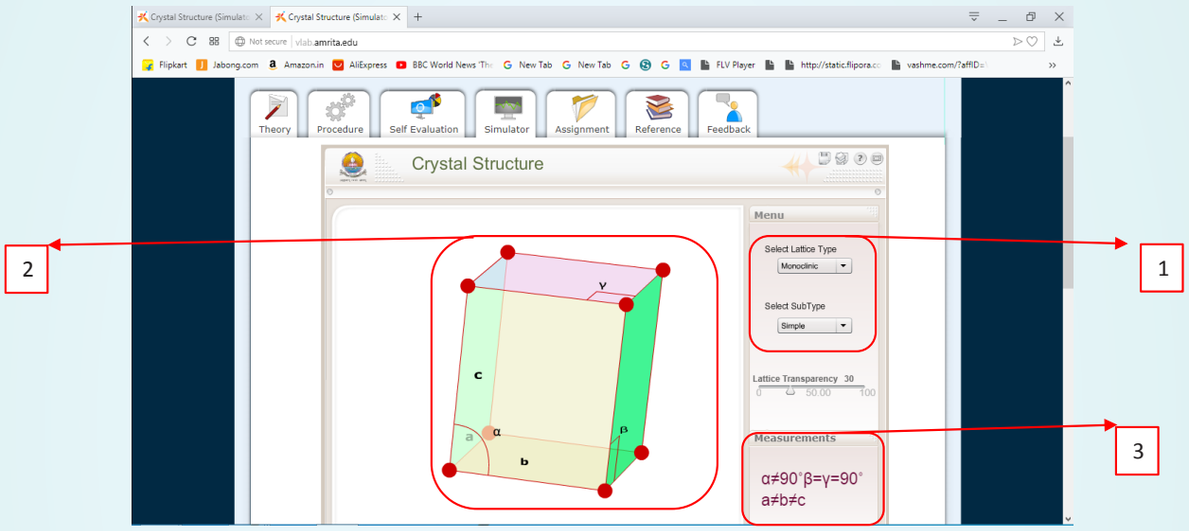

CRYSTAL SYSTEMS

By using this tool, you will be able to visualize different crystal systems and know their unit cell parameters.

Please go to the URL
http://vlab.amrita.edu
(or) Scan the QR code on the right side

Steps

- Open the Browser and type the URL given (or) Scan the QR Code. In the webpage click physical science tab and then click solid state virtual lab. Then go to crystal structure and then click simulator.
  Note: *One time sign up is needed to access this webpage. Login using your username and password. Once logged in click the simulator tab.*
- Now the using the menu (box 1) select any one of the seven crystal systems and the lattice type. Now the unit cell of the selected crystal system will appear on screen (box 2) and the unit cell parameters will also be displayed in the measurement tab (box 3)
