HOW TO USE THE BOOK?

New life for woolly mammoth DNA-researchers can now re-create the genes of mammoth and study the proteins they encoded

Conceptual picture with caption relating to every chapter is given in this text book.

Chapter Outline — Presents a complete overview of the chapter

Learning Objectives: — Goals to transform the classroom processes into learner centric with a list of bench marks

DO YOU KNOW? — Amazing facts, Rhetorical questions to lead students to biological inquiry

Activity — Directions are provided to students to conduct activities in order to explore, enrich the concept.

Infographics — Visual representation of the lesson to enrich learning .

CASE STUDY — Superfluous information about a personality or day to day life experience relating to the content

ZNYPS — To motivate the students to further explore the content digitally and take them to virtual world

ICT — To enhance digital Science skills among students

Concept Map — Conceptual diagram that depicts relationships between concepts to enable students to learn the content schematically

Glossary — Explanation of scientific terms

Evaluation — Assess students to pause, think and check their understanding

References — List of related books for further details of the topic

Web links — List of digital resources
