Figure 10.20: Perfumes

Rose

Botanical name : *Rosa X damascena*

Family: Rosaceae

Origin and Area of cultivation: R.X damascena, has its origin from the Middle East. Major scented rose cultivating states include Rajasthan, Delhi, Haryana, Maharashtra, West Bengal, Karnataka, Andhra Pradesh and Tamil Nadu. Rose oil is one of the oldest and most expensive of perfume oils. The oil is concentrated in the epidermal cells on the inner surface of the petals.The average oil yield is a little less than 0.5 g. from 1000 g. of flowers.

Uses

Rose oil is largely used in perfumes, scenting soaps, flavouring soft drinks, liqueurs and certain types of tobacco, particularly snuff of chewing tobacco.

Rose water (panneer) containing much of phenylethyl alcohol and other compounds in dissolved confectioneries syrups and soft drinks. In India, the water is much used in eye lotions and eye-washes. In addition, it is sprinkled on guests as a ceremonial welcome.

Sandalwood

Botanical name : *Santalum album*

Family: Santalaceae

Origin and Area of cultivation: Sandal tree is native of South East Asia. Karnataka and Tamil Nadu are states that possess large natural populations of Santalum album in India. The heart-wood is scented due to the presence of santalol, from which oil is extracted. The oil yield from a wood chips, varies from 4-5% being the highest when distilled from roots (10% of the dry weight).

Uses

Sandalwood oil is a valuable fixative for other fragrances due to the excellent blending properties. More than 90% of the oil is used in the manufacture of scented soaps, talcum powder, face powder, creams, hair oils, hand lotions as well as in perfumery and pharmaceutical industries.

10.9 Traditional Systems of Medicines

India has a rich medicinal heritage. A number of Traditional Systems of Medicine (TSM) are practiced in India some of which come from outside India. TSM in India can be broadly classified into **institutionalized** or documented and **non-institutionalized** or oral traditions. Institutionalized Indian systems include Siddha and Ayurveda which are practiced for about two thousand years. These systems have prescribed texts in which the symptoms, disease diagnosis, drugs to cure, preparation of drugs, dosage and diet regimes, daily and seasonal regimens. Non- institutional systems, whereas, do not have such records and or practiced by rural and tribal peoples across India. The knowledge is mostly held in oral form. The TSM focus on healthy lifestyle and healthy diet for maintaining good health and disease reversal.

Siddha system of medicine

Siddha is the most popular, widely practiced and culturally accepted system in Tamil Nadu. It is based on the texts written by 18
