

Activity

Have a discussion on the working of NITI Aayog in your class under the guidance of your teacher.

Activity

Compare the functioning of the Planning Commission and NITI Aayog and represent it in tabular form.

Objectives of NITI Aayog

The objectives of the NITI Aayog are:

To include the States in the planning process so that the Central government along with the State governments could identify developmental priorities and strategies. This would foster cooperative federalism as the states would be a part of the planning process. To formulate credible plans at the village level and aggregate it progressively. To ensure that the interests of national security are incorporated in economic strategy and necessary checks on indiscriminate tampering with ecology and environment policy and to check whether all sections of the population are benefitted from economic progress.

Long term policy and programme frameworks to be designed and their progress would be monitored by the Aayog and innovative improvements would be made. Partnership between key stakeholders, like-minded think tanks, educational and policy research institutions to be encouraged and knowledge, innovation and entrepreneurial support system to be created through a community of national and international experts, practitioners and other partners.
