For own thinking (Green Practices)

1. Encourage family members, friends and relatives to use "real" mugs, glasses, dishes and cutlery rather than disposables.
2. Practice sourcing and purchasing the least or not environmentally damaging goods (green procurements).
3. Look for and purchase green products such as staple-less staplers and pens that can be refilled repeatedly rather than sent to a landfill.
4. Save paper by avoid unnecessary printing, by printing on both sides of a sheet of paper whenever possible.
5. Do not leave your home or school lights on overnight Turn the lights off in rooms when they're not in use. Replace bulbs with compact fluorescent lamps (CFLs) or LED bulbs wherever possible. These use 75 percent less energy.
